

While all of the rejections are respectfully traversed, this response is directed only to the objections to the specification related to the clerical errors within the specification discovered by the Examiner.

The amendment to specification is made after final. The applicant's attorney request that the Examiner enter the amendment to place the case in better condition for appeal. The applicant's attorney does not believe that the amendment raises any new issues. The Examiner's consideration of the claims and withdrawal of the rejection is requested.

If the Examiner disagrees, or believes for any other reason that direct contact with Applicants' attorney would advance the prosecution of the case to finality, she is invited to telephone the undersigned at the number given below.

Respectfully submitted,
Byoung Se. Kwon
